QUICK INFO

- ☐ LACTOSE FREE
- ☒ GLUTEN FREE
- ☐ ACID FREE
- ☐ NO SWEETENERS
- ☒ NO ARTIFICIAL COLOURS
- ☒ NO PRESERVATIVES
- ☒ VEGAN

PRODUCT DESCRIPTION

PRE-WORKOUT BOOSTER is typically used in strength sports for intense and effective workouts. The formulation contains 7 plant extracts, 3 amino acids and taurine. The nutritional yeast contains nucleotides, the primary building blocks of all cells. Caffeine helps to improve concentration and performance, choline supports normal fat metabolism. Zinc contributes to normal DNA synthesis and the maintenance of normal testosterone levels in the blood. Pantothenic acid supports normal synthesis and metabolism of steroid hormones and some neuro-transmitters. Folic acid contributes to normal amino acid synthesis.

Fiit-ns® is a patented plant extract of grapefruit, grape, guarana, green tea and black carrot. The extract is rich in polyphenols and standardised in EGCG (the major catechin)

Vinitrox® standardised polyphenol extract based on grape and apple. Increases nitric oxide (NO) production and therefore provides more pump.

ADVANTAGES

- **NO-Pump thanks to multi-mechanism-complex**
- **Boost effect and increased concentration caused by caffeine and plant extracts**
- **Zinc to maintain normale DNA synthesis and testosterone levels**

UTILISATION

Dissolve 3 bulging scoops (16 g) with approx. 200 ml water. Take prior to your workout.

Increased caffeine content (75 mg/100 ml drink). Not recommended for children, pregnant women and caffeine sensitive persons. Does not substitute for a varied and balanced diet. Do not exceed recommended daily intake, keep out of reach of children. As part of a varied and balanced diet and a healthy lifestyle.

Regulatory note concerning green tea: No other products containing green tea should be consumed on the same day. Should not be consumed by pregnant or lactating women, children under 18 years of age or on an empty stomach. The total amount of catechins from all sources should not exceed 800 mg/day.
