

CARBO BASIC PLUS NEUTRAL

developed for high-intensity or prolonged performances

HYPOTONIC SPORTS DRINK POWDER

Carbo Basic Plus is a unique combination of carbohydrates. Offering high concentrations of long-chain, complex carbs, this product was specifically designed for high-intensity and prolonged activities. Attention: this beverage has the smarts! The potato starch used was engineered to provide and maintain hypotonic stability, even if you drink a lot of it. In other words, this product is easily absorbed and processed by the stomach. Carbo Basic Plus is also highly effective in preventing a sudden drop in blood sugar levels. Carbo Basic Plus is a reliable bonk buster. Free from lactose, gluten and artificial additives.

Suitable also for carbo-loading before a competition.

APPLICATION

1 serving = fill bottle (750 ml) with approx. 250 ml of water and add 60 g of powder. Shake well. Fill bottle completely with water and shake again. The recommended ingestion is 0.4 – 0.8 liters of liquid along with 30 – 90 g of carbohydrates per hour, depending on temperature and activity.
